## Product Description

### Airtight Tin Box with Silicone Sealing Ring

This custom tin box is specially designed with an **airtight silicone sealing ring**, providing excellent sealing performance to protect contents from **moisture, air, and odor**.

Compared with ordinary tin boxes, the integrated **food-grade sealing gasket** ensures a tight closure every time the lid is locked, helping to maintain **freshness, flavor, and product quality** during storage and transportation. Ideal for **food, snacks, biscuits, candies, tea, coffee, and gift packaging**, this airtight metal tin combines **strong functionality with premium appearance**.

### Highlight:

All of our tin boxes are custom-made based on client requirements, so the tin you see may not necessarily fit your needs. With over **1,000** product options and a wide range of dimensions available, we encourage you to contact us directly. Please share the specific dimensions you require or the size of the item to be packaged, and we will recommend the most suitable tin box for you.

Please send an inquiry to below email address:

### Applications | Ideal for Sealed Packaging

This airtight tin box is suitable for:

Biscuit & Cookie Packaging

Candy & Chocolate Containers

Tea & Coffee Storage

Snack & Dry Food Packaging

Gift & Premium Product Packaging

The sealing ring helps keep contents **dry, fresh, and protected**.

### OEM Customization Options

We support full OEM & ODM services:

Custom tin box size & capacity

CMYK / PMS logo printing

Embossed or debossed logos

Matte or glossy surface finish

Food-grade inner lacquer

Factory direct production ensures stable quality and competitive pricing.

### Factory Quick-View

12,000 production facility

11+ Automatic stamping & printing lines

200+ Skilled workers with stable output

Food-grade material compliance

In-house quality inspection before shipment

### Factory Certifications

To see the details of each certificate, please check link below:

## Packing & Delivery

Packing is normally one of below 3 methods

1 polybag per tin

Wrapped with MG tissue paper per tin

With cardboard board dividers directly

Our tins are typically shipped in standard ocean containers for cost-effective and secure transportation.
